 No. _____

Authority for Expenditure of \$ 1440.00 is requested for purpose of providing temporary
bunk house facilities to property at Laramie, Wyoming.
 (Station or Location)

Description of project:

Build 2 portable winter type bunk houses 9' x 36'.

Recommendations:

Local labor supply is exhausted and it is necessary to import labor and provide quarters to accommodate them.

Last year it was necessary to quarter some of the men in company cottages near the old highway, which is unsatisfactory because men had to cross yard tracks which are often blocked with cars.

It is proposed to locate the two portable bunkhouses on the plant side of the yard tracks, near the permanent bunkhouses which will eliminate hazard of men crossing yard tracks and will centralize all icemen close to the plant.

Not included in 1944 Budget.
